What worked or went well?: We asked for members to pre-register so that we had a more accurate estimate which proved to be very helpful. The agenda and script were both printed which made for an easy presentation of the powerpoint. The audio and visuals of the powerpoint all worked out well.

What would you do differently?: We set up the workshop rooms the morning of the event which was hectic because we had to make last minute adjustments so that each presenter had a powerpoint projector. Next time, we'll make sure to walk through everything prior.
