Summarize any other activities (service projects, icebreakers, etc.: We had one icebreaker at the beginning of the event. We passed out Jolly Ranchers and pre-determined categories for every color. These categories were things such as "Favorite Key Club Memory" and "Favorite Service Project". We then called random people to stand up and make a statement that fell under the category of the color.

What worked or went well?: What went well was the timing. Although we had to start the rally late, the time worked itself out and we finished right on time. Another thing that worked well was the short workshop sessions. Many of the members told me that they enjoyed the various workshops and thought they were completed sufficiently.

What would you do differently?: If I could do something different, I would have gotten to the school earlier to complete set up earlier. I feel like this would have lifted a little bit of stress off of me and the others who helped me put on the rally.
